Mr. Doug Smith:

The York County School of Technology Authority would like to officially thank Donald B. Smith, Inc. for a job well done on our re-roofing project. The re-roofing project was completed over the summer of 2010 between our last day of school and our first day of school.

We would also like to commend Mr. Larry Little, the foreman on the project, for his professionalism and cooperation through the project. Good communication with school personnel was kept at all times. He was on top of any problem, maintained a clean work area, and helped the school's maintenance staff with any issue that came up.

It was a pleasure to work with Donald B. Smith, Inc.

On behalf of the York County School of Technology Authority,

Dr. David Thomas
Director

Randall Ruck
Supervisor of Buildings and Grounds
